## SUMMARY

Co-founded two ventures at SSB — VYBE Fragrances (Rs.2L GMV on Rs.25K seed, 8x return in six weeks) and Doodle by Canvas (first funding secured) — while winning 1st of 20 in a live GTM challenge, architecting a Rs.2,400 Cr GMV roadmap for Practo, and sustaining 120%+ targets across three years of healthcare BD. Built a first-principles instinct for diagnosing which segment, which lever, which timing converts. Comfortable driving strategic planning, cross-functional program management, and end-to-end execution across strategy, growth, brand, and operations.
